PERSONAL SUMMARY

I am a passionate student eager to learn and develop professional and personal. Since I was a child, I knew "computers" are my target in this life and I will not stop until I accomplish my dream. I consider myself as a team player, able to work under pressure, but I take pride in my communication skills as I believe is a crucial element in any team to achieve goals and success. Beyond the professional and academic development, I am a friendly happy to work new people and keeping a positive attitude. In future, I aspire to achieve the best version of myself and learn new skills in front-end developing and personally to travel the world.

WORK HISTORY

Crew Trainer

November 2022–present

Part-time | McDonalds | Grimsby, UK

- As a crew trainer my job is to develop new crew members, ensure food safety and quality standards are met, provide excellent customer service, maintain a clean and organized restaurant, work effectively as part of a team in a fast-paced and challenging environment, and communicate effectively with customers, crew members, and managers.

Assistant Software Engineer

June 2020 – July 2020

Work Experience | GMB Computers | Constanta, Romania

- As an assistant, I was given several jobs to fulfil during the day, such as customer service, receiving calls or emails, but also being part of team meetings. The most important aspect that is the fact that I was able to develop my passion for computing and “steal experience” from the main Software Engineer.

Member of the robotic team

September 2019 – December 2020

Extra-curricular | ACE Robotics | Constanta, Romania

- Being part of competition level team with the objective to reach international stage of the competition, my main job was designing and implementing different ideas into our robot. The designs were either part of the aesthetics or just the aspect of the robot. During this I develop early the teamwork essentials skills and accumulated multiple diplomas.
